Bienvenida

El Consejo Regional de Ingeniería Biomédica para América Latina (CORAL) realiza el VII Congreso Latinoamericano de Ingeniería Biomédica – CLAIB 2016 durante los días 26 al 28 de octubre de 2016 en la Universidad Autónoma de Bucaramanga, Colombia. Este congreso es organizado y convocado por la Asociación Colombiana de Bioingeniería y Electrónica Médica- ABIOIN, auspiciado por la Federación Internacional para la Ingeniería Médica y Biológica (IFMBE) y la Sociedad para la Ingeniería en Medicina y Biología (EMBS-IEEE), y cuenta con el apoyo de las universidades de la región y del entorno nacional.

Se recibieron alrededor de 400 trabajos científicos que fueron revisados por tres evaluadores independientes en un proceso de revisión ciego. De los manuscritos enviados, 285 fueron seleccionados para ser presentados en CLAIB 2016. Adicionalmente, se presentan 14 conferencias de reconocidos científicos a nivel internacional, y se organizaron paneles de trabajo con académicos y profesionales de alto impacto en el quehacer de la ingeniería biomédica. Finalmente, en el CLAIB 2016 participan empresas del sector mostrando sus productos e intercambiando ideas con los participantes. Esperamos que su participación en CLAIB 2016 sea muy productiva, aumente sus nexos personales y profesionales y le permita disfrutar de la pujante y bella región de Santander.

Welcome

The Regional Council of Biomedical Engineering for Latin America (CORAL) hosts the VII Latin-American Congress of Biomedical Engineering, CLAIB2016 from October 26th to October 28th, 2016 at *Universidad Autónoma de Bucaramanga, Colombia*. This congress is organized and summoned by the Colombian Association of Bioengineering and Medical Electronics (ABIOIN), and sponsored by the International Federation for Medical and Biological Engineering (IFMBE), and the Society for Engineering in Medicine and Biology (EMBS-IEEE). This congress is also supported by different universities of the region and the national environment.

Around 400 scientific papers were received and revised by three independent judges in a blind revision process. From these papers, 285 were selected to be presented at CLAIB 2016. Additionally, 14 conferences of renowned scientists at international level take place, and discussion panels with academics and professionals of high impact in the area of biomedical engineering are organized. Finally, companies of the region are participating at CLAIB 2016, showing their products and sharing ideas with the participants of this congress. We hope that your participation in CLAIB 2016 will be very productive, increase your personal and professional network, and also that you can enjoy from the courageous and beautiful region of Santander.
